

Thanks to your support, our virtual poker tournament has raised over \$28,000!

Thank you for supporting our "Fun for 40" Virtual Poker Tournament last week! **The tournament raised over \$28,000 which is nearly the entire cost of building a computer lab for underserved students in Uttar Pradesh.** These labs provide the technical resources and digital literacy education these students need to lead successful lives in our modern world. A generous donor is matching up to \$15,000 to help make this project happen. The project cost is \$30,000 and we are so close, thanks to individuals like you. **Chip in to help us make this project a reality today!**
